

SMSC at Hazel Court

“Social, moral, spiritual and cultural understanding and British values are well promoted. A visit to the local council offices and topics, such as ‘cultures and traditions’ and the ‘British day’, observed during this inspection, provide opportunities to learn about the lives of different people and to understand British heritage and culture. Pupils sang and signed the national anthem, learned about the flags of the United Kingdom, discovered interesting facts about Queen Elizabeth and celebrated her birthday with a traditional street party.”

Ofsted report June 2016

Hazel Court is a welcoming, supportive, yet challenging educational environment in which our students have every opportunity to achieve, be successful and make choices for themselves. We are a school and F.E. department where equality is promoted and diversity is celebrated.

At Hazel Court we promote SMSC education in the widest possible sense, to aid the development of the student as a whole person. We provide numerous opportunities for each student to contribute to and benefit from the wider community and society in which they live.
